

ECONOMIC DEVELOPMENT
CORPORATION

Connecting For *Success*

St. Croix Economic Development Corporation (SCEDC) serves as a powerful advocate for business and industry throughout the region, advancing key initiatives that strengthen our local economy. Some of the vital work we're focused on includes:

- **Housing:** SCEDC is leading efforts to address housing availability and affordability with a comprehensive housing study.
- **Workforce and Talent Attraction:** Through workforce programming, partnerships, and initiatives like the Look Forward Wisconsin program, we're working to solve workforce challenges. Our Executive Director also serves on the Governor's Council on Workforce Investment, ensuring local voices are heard at the state level.
- **Childcare:** We're engaged in tackling the affordability and accessibility issues around childcare - an ongoing conversation that impacts our region's economic growth.
- **Legislative Advocacy:** We foster strong relationships with local, regional, and statewide representatives, ensuring our community's needs are heard and addressed.
- **Business Development:** SCEDC is your go-to resource for connections, information, and opportunities to establish or expand business operations in St. Croix County.

In addition to these initiatives, SCEDC members benefit from regular events, networking opportunities, our blog, newsletter, and online membership profile to post jobs, events, and more.

Your membership supports economic development for the entire county, helping make St. Croix County an even better place to live, work, and thrive.
